

AFTERSCHOOL CLASSES at HUDSON MONTESSORI

Bricks 4 Kidz After-School Classes build on the universal popularity of LEGO® Bricks to deliver a high quality of educational play. Each class is a fun, enriching experience for your child. Kids build a new project each week using the classic and technic LEGO® elements loved by generations of children.

The Bricks 4 Kidz Robotics offers all the fun of building with LEGO Bricks plus the challenge of computer programming. Lego Education’s WeDo 2.0 is a drag and drop icon-based software that introduces to the kids to the world of computer programming and robotics.
